

Carl B. Hays

Environmental Scientist III

Division of Abandoned Mine Lands

- 34.5 years of service with Kentucky's Energy and Environment Cabinet
- 10 years of the 34.5 were spent as a Title V surface mining inspector in southeastern KY
- 24.5 years and counting have been spent with the "Title IV" KY DAML
- My most personally gratifying years of service have been spent supervising and managing DAML and Bond Forfeiture reclamation projects from start to finish.

My heartfelt passion has always been to make a positive difference for good wherever I work and with whomever I meet along the way. – CBH
